

# Fight education cuts

The government wants to cut 24% of education for over 19 year olds. We **MUST** stop this cut.

This March 2015, your college was told that the government wants to cut 24% from its budget. This is on top of all the other cuts to education since 2009:

- 1 million fewer places at college for adults
- 110 teacher job gone in every college

**By 2020 there might not be any adult education left at all!**

## What does this mean for you?

- Fewer chances to study
- Bigger class sizes — less attention from teacher
- More fee paying courses and fewer free courses
- Less chance to study what you want
- Fewer opportunities to get the job of your dreams!

## What can you do to stop this?

- Sign the petition.
- Write to your MP.
- Wednesday 18th March afternoon: Meet at Parliament from 1pm.
- Wednesday 25th March evening: march from City Lit College to Downing St. Hand in letter to David Cameron.

# You can make a difference!
