Lesson plan 3 – Register to Vote

Lesson 3 – Register to Vote

Aims:

- To generate discussion on voting and in particular women's voting rights globally.
- To raise awareness of students' eligibility to vote in the mayoral election in May
- To encourage students to register to vote

Notes on levels: This is suitable for E2 learners and can easily be adapted for higher or lower levels. There are opportunities to explore women's suffrage in the countries represented in the classroom and also an opportunity to explore the history of the Commonwealth and the countries that belong to the commonwealth.

Language points: This lesson is more focused on skills development; Developing scanning reading skills, reading for detail and filling in a form, which is authentic and can be submitted.

Resources and suggested stages:

Resources – Worksheet / flipchart paper for timeline activity / markers

Activity 1. Students discuss questions in Activity 1 in groups and then come together as a class to share their ideas and opinions. Teacher records a variety of opinions of the board and encourage students to discuss further.

Activity 2. Ask the students if they know the voting age in the UK (18) and their country? Is it the same or different? Teacher can have the information to hand using the link below to give answers to the students if they don't know about their country.

Ask students if they know when women first got the vote in the UK and in their country. Give out the 'Timeline' worksheet and students can find their country and UK and compare. It might be interesting to ask why they think that women got the vote after men.

Together the students create a class timeline of women getting the right to vote in the countries represented in the class. Students can share their experiences of women's suffrage in their country and the teacher can use this opportunity to gather information for further classwork in the future if the students show an interest in knowing more.

Activity 3. Ask the students 'Can you vote in the London Mayoral Election?' Students who think 'yes' stand on one group, students who think 'no' in another group and 'not sure' stand in another group. Teacher records the numbers in each group on the board. Teacher then directs the students the text for Activity 3 on their worksheet and students read the information to find out if they are eligible to vote or not.

Discussion about the difference between 'registering to vote' and 'vote'.

Students read the 'register to vote' information and decide if person 1 – 10 can register to vote. (Answers: 1Y, 2Y, 3Y, 4Y, 5N, 6Y(Commonwealth country), 7N, 8Y, 9Y(Commonwealth country), 10N (Link below to a list of Commonwealth countries)

Activity 4. Give out authentic voter registration form (print from link in resources) to students so they can complete them, those who wish to, can submit them. Take some extra forms to the class for students to take home for relatives and friends if they wish.
